

ARTIST GUIDELINES 2018

- All artworks must be ready to hang or display.
- Minimal on-site assembly of artworks allowed – artists are not able to recreate installations onsite.
- Wet artworks will not be accepted.
- Wall displayed artworks MUST have weight specific D-rings attached - no curtain hooks please. We use a hanging system - artworks hang best when d-rings are within the top fifth of the artwork.
- Unframed paper artworks will be hung with weight specific clips (provided by the artist) that are able to hang from suspended hooks.
- The preferred installation of some artworks may be compromised due to limited wall/floor space.
- Heavy wall artworks (over 20 kg) can be a strain on our hanging system and may be displayed on an easel.
